

Tomáš Musil

Junior Full-Stack Developer

IT high school student with experience as a full-stack developer, working mainly with C#/.NET, React and TypeScript. Currently building AI agents that automate legal workflows. I especially enjoy C#, and outside of web development I have a strong interest in embedded systems.

- Implemented LoRa radio communication.
- Participated in the project's design challenges.

Tech: C · C++ · LoRa

EDUCATION

Information Technology — Sep 2023 – Present
EDUCAnet Brno – Secondary Vocational School

ABOUT ME

Technology has always been a part of who I am. These days I spend most of my free time building projects with Arduino and Raspberry Pi. Outside of tech, I train wrestling and Brazilian Jiu-Jitsu (BJJ).
